

MEADOW COURT

SUMMER Fayre Edition

This is our 4th Summer Fayre, where parents family and friends visit as a group and spend an afternoon in lovely weather, eating and drinking in the sunshine, listening to a live group, and some; playing and using the facilities of the day. It was a great success. Thank you to everybody, staff residents, families and friends!

DAWLISH DITTY'S (a trilogy of four!)

A FISHY TALE

There was a fine lady from Dawlish,
who went out fishing for a crawfish,
but when she cast out her line,
for a fish dinner to dine,
she hooked in a tin of Brasso Metal polish.

MEAT FREE MADNESS

There was a young lad from Dawlish,
who found that he enjoyed onion relish, but it was moreish.
He would often languish, with a cheese and pickle sandwich,
and eat it up in a flourish.

SMALL FRY

There was an old man from Dawlish
who spent his life on a trawler to fish,
after he pulled in his net,
he took the fish to the vet,
as they were all on the side of being smallish

PAINT-ON

There was a painter from Dawlish,
who started to paint the sea wall-ish
when he pulled out his brush the train did it crush,
and now he runs a local tea stall-ish

Skills for Care Endorsement

JET Training is now fully endorsed by Skills for Care!

JET Training is the only free-based training provider in the UK to be endorsed through the Skills for Care e-Learning framework.

Skills for Care's endorsement framework means the JET Training programmes have been through a thorough and rigorous quality assurance assessment process and have demonstrated that we deliver training courses of excellent quality.

Skills for Care is the leading organisation in England responsible for ensuring that the adult social care workforce consists of appropriately trained professionals with the skills and knowledge enabling the best possible care and support for individuals with social care needs.

Widely recognised as one of the most rigorous and independent accreditation methods, it's the mark of quality accredited social care training.

JET Training is written and developed by John Eaton who is the Registered Manager of Meadow Court, and developed the training programmes that now are available to all care organisations, providers and carers on the www.jet-training.org.uk website and is free to anyone who wishes to use the programmes.

You can be reassured that Meadow Courts' standards are the benchmark for care and support units across the UK, and as I have written the programmes, I feel very grateful as well as honoured to have been endorsed by a nationally important organisation which is Skills for Care.
